Welcome to Care Roadshow North West 2026!

It's fantastic to be back at Aintree Racecourse for the Care Roadshow North West. This year, we're focusing on practical solutions and fresh ideas to help tackle the challenges facing the care sector.

We have an exciting lineup of speakers and discussions ahead. Nigel Lea kicks off today's programme with a collaboration session to get everyone thinking positively.

Throughout the programme, we'll explore recruitment and retention, wellbeing, and the dementia case studies. Care Quality Commission will end the day by examining policy reform, expectations and frameworks. With seminars and panel sessions packed with practical takeaways, you can find the full agenda on page 6.

Beyond the sessions, our 60+ exhibitors are here to support you with solutions across staffing, training, technology, and business growth.

You'll find the full exhibitor list on page 4.

Care Roadshows are about bringing people together, sharing ideas, strengthening networks, and shaping the future of care. We hope you make the most of the conversations and connections throughout the day.

Warm regards,

Emma Barrett
